

Living with Pelvic Health Challenges Support Group

A web-based peer support group for cis women, trans men, and non-binary people living with pelvic health challenges. Those living with endometriosis, PMOS (formerly PCOS), adenomyosis, dysmenorrhea, and other pelvic health challenges are welcome. No diagnosis is required to participate.

Facilitated by MSW students Hannah Young & Frances Garcia

3rd Wednesday of each month
4-5pm PT / 7-8pm ET
